

SUPPORTING THE SKYLINE
BURSARY PROGRAM

**Skyline Education Foundation
Australia provides intensive
support for talented students from
disadvantaged backgrounds. Our
Bursary Program is the first of its kind
in Australia.**

Through personal and career development opportunities, as well as counselling and tutoring, we help our students to dream big and to inspire their friends, class mates, siblings and families.

We need your help to expand our Bursary Program. We have developed a range of options for individuals, businesses, and syndicates of colleagues and friends to help talented, hard-working Victorian students to break through the cycle of disadvantage.

We strongly encourage you to get involved. All donations over \$2 are tax deductible.
