Preparing for Year 12 exams can feel overwhelming. The Exam Revision Series is designed to help Students walk into exams with confidence. Choose one or more sessions from the most popular Unit 3/4 subjects.

Led by high-achieving tutors who are recent VCE graduates, each session will provide all the exam information that Students need, including:

- ✓ Revision of all relevant content from the Unit 3/4 study design.
- ✓ Proven exam strategies.
- ✓ Interactive practice questions and worked examples.
- ✓ High-scoring sample responses.
- ✓ Q&A with our experienced tutors.

A Word from UBS

As a core part of our Community Affairs program, and in line with our global policy, we focus our contributions on education and entrepreneurship initiatives. Given the current environment and the challenges Students face, the need for support is even greater this year. UBS is delighted to work closely with Skyline, supporting the Exam Revision Series whilst offering our staff to provide much needed directed support over and above straight financial contributions. Offering a “hand up” not a “hand out” is core to our philosophy.

About Skyline Hatch

Skyline’s social enterprise, Hatch, leverages over 15 years’ proven track record in delivering academic and wellbeing support to optimise outcomes for VCE Students. Hatch offers Exam Revision, SAC/GAT masterclasses, tutoring, personal development and mindset programs that support Teachers to deliver more for their Students. Our Team includes extraordinary Skyline Alumni and leading wellbeing educators. All Hatch profits are returned to Skyline Education Foundation Australia to fund more Students to join Skyline’s unique two-year VCE Program.

 “AMAZING! I enjoyed the exam tips because they apply to other subjects as well, and the content revision was specific to the study design which was super helpful.”
 (Student, Economics)

 “The tutor gave us actual exam questions and step-by-step solutions while explaining the concepts.”
 (Student, Maths Methods)
